

Wee Cherish Pre-School

OUR KEY CORE CURRICULUM

We have adopted 5 key core curriculums to ensure that our students are provided with opportunities to develop social skills, enhance cognitive development, promote independence, support language acquisition, and potentially improve emotional regulation.

LEARNING BEYOND PAPER

Our core curriculum involves activities that develop problem-solving skills through trial and error, questioning and exploration with a focus on STEAM concepts.

Activities are scaffolded to meet the needs of each individual student. To ensure that our children build confidence and thrive in a predictable environment.

READ IT AGAIN

"Read It Again" is a program designed to enhance early childhood literacy skills by repeatedly reading the same children's books, which helps students develop vocabulary, narrative comprehension, phonological awareness, and print knowledge through familiarization and repetition, significantly improving their language and literacy foundations.

JUST US LITTLE GUYS BIBLE CURRICULUM

Daily biblical teachings that develop healthy relationships with God through:

- Prayer
- Songs
- Stories

LETTERLAND

Letterland is our phonics program that helps students learn to read, write, and spell by using engaging, story-based activities featuring characters called pictograms, which allows them to associate letter sounds with visual imagery, promoting multi-sensory learning and strong foundational literacy skills.

CONSCIOUS DISCIPLINE

Conscious Discipline is our behavior management practice. We use an adult first approach that allows us to focus on our expectations and then assist the students to make choices to meet those expectations.

HANDWRITING WITHOUT TEARS

Our fine motor skills are developed from infancy through school age by Handwriting Without Tears using multi-sensory activities.
